

Innovative solutions for
tomorrow's challenges

Importance of Standards

Renesas Mobile Corporation

Jonne Soininen

IGF 2011, Nairobi, Kenya

Questions about standardization

Why do we standardized?

- Interoperability
- Enabling global market place, no vendor lock-in
 - Lower prices, higher volumes
 - Global solutions

What to standardize?

- Does it affect interoperability?
 - “Bits on the wire”
- Does somebody else have to implement it to become successful?

Where and how to standardize?

- Place where the people have the expertise
- Ensuring adequate peer review
 - Openness to allow everybody and anybody with expertise to contribute
- Ensuring buy-in for wide deployment
